

Green Energy Trading

Solar Finance

Save today with:

- \$0 deposit
- immediate power bill savings
- affordable repayments
- high quality products
- provided by solar industry leaders

Why install solar?

Install a high quality solar system today and you can:

- ➔ take control of your electricity costs
- ➔ protect yourself against rising electricity prices

This is possible with:

- ➔ flexible, ethical loan repayments
- ➔ a smaller electricity bill – maybe even \$0!

Access financial incentives

Your installer will ensure your high quality system is eligible for environmental certificates*. These certificates will result in you paying less for the total cost of your system.

* Environmental certificates are the financial incentives made available through the Federal Government's Small-Scale Renewable Energy Scheme. These incentives aim to make clean energy products more affordable, encourage electricity generation from renewable sources and reduce greenhouse gas emissions.

Choose the finance option that suits you

- Pre-approval in 15 minutes*
- Affordable repayments
- Terms up to 10 years
- Businesses can choose rent-to-own finance, typically with fully tax deductible repayments and accelerated depreciation, or a loan
- No company financials needed for finance up to \$50,000

* For residential, commercial approval in 48 hours - enables sign up at point-of-sale, all subject to eligibility criteria

What happens next?

1. Your installer designs a high quality system to suit your site and power use patterns
2. Your finance application is pre-approved, then you sign a contract
3. Your system is installed and your repayments start one month later
4. Enjoy the benefits immediately

Why choose us?

Green Energy Trading works in partnership with leading installation and finance companies to provide end-to-end solar PV solutions for home and business owners.

Together, we can deliver a high-quality solar PV system at a competitive price to suit your budget.

Rest assured you are partnering with fully-accredited and proven industry leaders, at the forefront of clean energy developments.

We are committed to making clean energy options more accessible to Australians. By choosing us you will help grow our clean energy industry.
